

Standing at the Cross

G
I'm standing at the cross
Em⁷ Bm C
Longing just to meet with you my God

G
I know in this place
Em⁷ Bm C
I will meet my saviour face to face

I know it's been some time
And yet you welcome me just like a child
Safe within your arms
Your tender words begin to melt my heart

Am Em
A mystery I'll never understand
Am D
Why you love me just the way I am

G
There's no greater love than this
Am Bm C
That the Son of God would lay down his life for me
G Am
There's no greater life to live than the one you give
Bm C
It's a miracle to me

In brokenness I kneel
You speak my name, I slowly raise my head
Running down your face
The tears that you my loving saviour shed

Your body bears the scars
Yet all I see is love within your eyes
I'll never comprehend
How vast the love that made my life your prize
